

80kW Distribution Box Specifications

Overview

number PF0308005210D Power 80KW Main breaker current 160A Output circuit/current: 5/63A Input Voltage 380V Output Voltage 380V Frequency 50HZ Control mode: PLC B. The connection box for the VAI Series 40kW and 80kW offers a compact and efficient solution for connecting inductors. The box can be easily opened, and the connection plate can be. Model NO. 80KW Mobile distribution box Export 1. Digital display of current and voltage 4. Each circuit has a work indicator, corresponding to 1p air switch control, 18 ways 6. Size:. All specifications are subject to change without prior notice. Product available regions : For region-specific product details and variations in specifications, please download the local leaflet or visit the local website.
