

Certified Cold Channel IP65

Overview

They are self-extinguishing and resistant to abnormal heat and fire up to 750°C GWT and provide shock resistance IK10 (20 Joules) and IP65 degree of protection. **Sturdy Steel Construction:** The electrical enclosure is meticulously crafted from cold-rolled carbon steel made by precise cutting and welding. It has stronger wear resistance and keeps your equipment well protected in harsh environments. **IP66 Waterproof Grade:** The sealing strip of foam / Nylon has. Bobcat's new lithium-ion batteries are UL 2580 certified, IP65-rated, and designed to reduce maintenance and improve fleet management for indoor, outdoor, and cold chain forklifts. Our IP-rated enclosures are available in powder-coated steel, SUS304, and SUS316 stainless steel, with protection options from IP54 to. IP65 is an ingress protection rating defined by IEC standard 60529, meaning the enclosure is completely dust-tight and resistant to low-pressure water jets projected from any direction. (Though “corrodes from the inside out” tends to focus the mind.
