

China-Africa Optical Cable Manufacturer Production Base

AI Overview

Key China-Africa optical cable manufacturers include YOA Cable, YOFC, and ZTT, with YOA Cable being Africa's largest optical fibre cable producer. YOA Cable (Yangtze Optics Africa Cable) YOA Cable, based in the Dube Tradeport Industrial Development Zone in KwaZulu-Natal, South Africa, is a joint venture between Yangtze Optical Fibre and Cable Joint Stock Limited Company (YOFC) and Mustek Limited. Established in 2016, it has become Africa's largest optical fibre cable manufacturer. The company leverages YOFC's 30-year global manufacturing experience and utilizes three advanced fibre production platforms: OVD, VAD, and PCVD, ensuring high-quality optical fibre products. YOA Cable emphasizes local talent development through learnerships, internships, and skills transfer programs, supporting STEM education and workforce development in South Africa. Its recent facility expansion also localizes polyethylene supply, a first in over 20 years, enhancing the regional supply chain. YOFC (Yangtze Optical Fibre and Cable) YOFC, headquartered in China, is a global leader in optical fibre and cable manufacturing. It has multiple production facilities across China and international operations, including the Yangtze Optical Africa Cable project in South Africa. YOFC has been recognized with numerous awards for technological innovation and quality, including the China Quality Award and the European Quality Award. The company focuses on high-speed connectivity solutions, including 5G networks, and has invested heavily in R&D and global expansion, including facilities in Poland and Indonesia. YOFC also emphasizes green manufacturing and intelligent plant operations, ensuring sustainable production practices. ZTT International Limited ZTT is another major Chinese manufacturer with a comprehensive industrial chain covering optical fibre preforms, fibres, and cables
