

Complete List of American Standard Optical Cable Models and Prices

AI Overview

A complete public list of American Standard optical cable models and prices is not directly available online; for detailed specifications and pricing, contacting American Standard or authorized distributors is recommended.

Overview American Standard offers a range of optical cables, including singlemode and multimode fiber cables, designed for industrial, commercial, and data center applications. Their products are typically UL and CSA listed and manufactured to meet high-quality standards, but specific model numbers and pricing are generally provided through official e-catalogues or direct sales channels.

How to Access Product Information

Official E-Catalogues: American Standard provides e-catalogues on their website where you can view available optical cable models, specifications, and sometimes pricing. Signing up for their newsletter may also provide updates on promotions and new products.

Authorized Distributors: Many distributors in the USA carry American Standard optical cables. Contacting them directly can provide current pricing, availability, and lead times.

Custom Orders: For specialized fiber optic assemblies or custom configurations, American Standard and related suppliers like American Cable Assemblies can provide OEM solutions with pricing based on quantity and specifications.

Alternative Suppliers If immediate pricing or model details are needed, suppliers such as American Tech Supply offer a wide range of fiber optic cables, including ADSS, rollable ribbon, and armored fiber, with bulk pricing and lead times. They supply cables from reputable manufacturers like Prysmian, AFL, and Corning, which may serve as alternatives if American Standard models are not listed.

Recommendation To obtain a complete and up-to-date list of American Standard optical cable models and prices, it is best to visit the American Standard e-catalogu...
