

Detailed Price List for Cable Trays in Portugal

AI Overview

Cable tray prices in Portugal vary widely depending on material, size, and application, typically ranging from €10 to €100 per meter for standard trays.

Market Overview The Portuguese cable tray market is shaped by infrastructure modernization, renewable energy projects, and industrial automation, with demand segmented across residential, commercial, and industrial sectors. The market includes both domestic manufacturers and international suppliers, with Portugal acting as a net importer of advanced systems. Prices are influenced by raw material costs, technical specifications, and compliance with safety standards.

Typical Price Ranges

- Metal cable trays (steel, galvanized, or stainless steel): €20–€100 per meter depending on load capacity, corrosion resistance, and design.
- Plastic cable trays: €10–€50 per meter, commonly used for lighter loads or indoor installations.
- Wire mesh trays: €15–€60 per meter, offering ventilation and flexibility for complex routing.
- Accessories (supports, joints, connectors, clips): €2–€15 per piece depending on type and material.

Suppliers in Portugal

- GroupSumi:** Offers a wide range of indoor and outdoor cable trays with detailed catalogues for pricing and specifications.
- WireMeshes Portugal:** Provides metal and wire mesh trays in various sizes and configurations, suitable for industrial and commercial applications.
- Trademo:** Lists multiple Portuguese manufacturers and suppliers, including shipment and trade data for bulk purchases.

Factors Affecting Price

- Material type:** Stainless steel and galvanized trays are more expensive than plastic or aluminum.
- Load capacity and size:** Larger trays or those designed for heavy-duty industrial use cost more.
- Environmental resistance:** Outdoor or weather-resistant trays have higher prices.

Market trends: Prices fluctuate with raw material costs and demand from construction and energy sectors. For precise pricing, it is recommend...
