

European power distribution box manufacturers

AI Overview

Leading European manufacturers of power distribution boxes include ADELID, PowerBox, Rubber Box, and Delvalle Box, offering customizable, high-quality, and compliant solutions for industrial, commercial, and entertainment applications.

Key Manufacturers

ADELID ADELID, based in Poland, specializes in the production of power distribution boards and extension cords. They offer both protected and unprotected distribution boards, hand-assembled with high-quality materials to ensure long-term reliability. Their products include 1- and 3-phase sockets, switches, and protective devices, with options for modular inspection windows and DIN rail integration. ADELID emphasizes fast delivery, technical support, and customization according to client specifications, making them suitable for industrial and commercial installations .

PowerBox PowerBox provides a wide range of PDUs, distribution boxes, racks, adapters, and cable extensions. Their products are designed for safety, long lifespan, and easy maintenance. PowerBox offers extensive customization, including sub-assembly of component rails and flightcase boxes for transport. Their solutions are suitable for harsh environments and are compliant with European safety standards, making them ideal for industrial and professional applications .

Rubber Box Rubber Box, based in the UK, focuses on power distribution solutions for the entertainment industry, including events, film, and television. They manufacture robust and portable distribution boxes designed to withstand demanding operational conditions, providing reliable power management for temporary or mobile setups .

Delvalle Box Delvalle Box, a European manufacturer with over 50 years of experience, produces high-resistance electrical enclosures for industrial environments. They offer fully customized solutions, including consulting, engineering, and integration of all neces...
