

Fiber Optic ST Iron Head

Overview

ST Connectors (ST fiber optic connector): metal circular bayonet structure, inserted and rotated half a week after the bayonet can be fixed. This kind of connector is easy and fast to install, but requires a large space on the panel, commonly used in fiber optic distribution frame. Mouser offers inventory, pricing, & datasheets for ST Series Fiber Optic Connectors. Corning's 720 series ST (single tube) fiber connectors and adapters offer superior performance and high repeatability. These products are fully intermate able with all standard ST products and deliver very high stability under a wide range of applications and conditions. The ST optical fibre connector comprises of a nickel plated brass body and a ceramic ferrule/spring/crimp. An ST fiber connector is a type of optical fiber connector. It is also called Straight Tip because of its shape.
