

Fiber optic splice box with one inlet and six outlets

Overview

The ftth fiber distribution box features 1 input port and 6 drop cable ports, compatible with a 1:4 mini PLC splitter and 6 sc adapter, supporting up to 8 core fiber splicing. This splice box features a 1-inlet and 6-outlet design, making it easy to install and connect multiple optical cables. It is compatible with 14/96-core optical cables and is suitable for pipe buried. This compact 6 port outdoor fiber distribution box is a versatile solution for high-speed FTTH deployments in residential and business environments. It is made of high impact plastic material. It also provides solid protection and management for FTTH network. With splice tray The integrated splice tray enables clean routing of the. □SC Fiber Optic Kit Panel□Wall Mount Fiber Enclosure with Spool 6 Strands SC Pigtail SingleMode 9/125; Dimension 255mm*130mm*40mm, Can be mounted vertically or horizontally;The kit provides optimum protection, keeps your fiber distribution organized when space is limited and maintains the integrity. The HTB8009 6 Ports FTTH Termination Box is a compact, multi-functional distribution enclosure specially designed for final fiber termination at the user end in fiber-to-the-home (FTTH) applications. Built from UV-resistant ABS material, the box combines durability with a sleek form factor, making.
