

# Greek optical fiber cable and fiber manufacturer

## AI Overview

Hellenic Cables, Dimoulas Special Cables, and Kryacon are among the leading Greek companies involved in the production and distribution of optical fiber cables. Key Manufacturers Hellenic Cables is one of the largest and most advanced cable manufacturers in Greece, with production plants in Corinth, Eleonas, and Thiva. They produce submarine and land fiber optic cables, as well as medium, high, and extra-high voltage power cables. Their facilities include fully-equipped ports for immediate cable shipment, and their annual production capacity reaches tens of thousands of tonnes, making them a major player in both domestic and international markets . Dimoulas Special Cables specializes in a wide range of cables, including fiber optic, data, control, and automation cables. They provide solutions for industrial, commercial, and renewable energy applications, offering high-quality, certified products with prompt delivery. Their expertise extends to structured cabling for office buildings, shopping centers, and sports facilities . Kryacon S.A., based in Athens, initially focused on importing fiber optic cables and later expanded into power cables and transformers. They are active in construction and energy sectors, providing both import and wholesale trade of fiber optic and electrical products . Additional Companies and Services Other notable companies in Greece involved in fiber optic solutions include ELECNET S.A., which focuses on the design, construction, and maintenance of fiber optic networks, and OSP Contractors, offering turnkey engineering solutions for fiber optic infrastructure . SeaCables and Asso.subsea specialize in marine and submarine cable projects, including installation and protection, which is relevant for offshore telecommunications and energy projects . Summary For anyone seeking fiber optic cable manufacturing or distribution in Gre...
