

IP68 waterproof fiber optic cable connector

Overview

These rugged, weatherproof connectors allow fiber optic patch cables with LC or SC connectors to be connected even in harsh environments. 0mm crimp size plus LC, MPO, SC and SC/APC connectors. The adapter types include LC-LC, MPO-MPO and SC-SC and form factors for the fiber connectors. Waterproof Fiber Optical Adapter has IP68 protection grade, is the ideal choice for harsh environment applications, connector conversion fiber line OD is 2x (0-4mm) And its working temperature is -40°C~85°C. These cables are revolutionizing outdoor installations with their unique lockable bayonet MPO and LC connector design that. Fiber Optic IP68 Waterproof Connector cable assemblies provide the most cost-effective method of deploying optical fiber in outside plant distribution networks at speeds significantly fast than traditional field installations.
