

India s Large Span Cable Trays

AI Overview

Large-span cable trays in India are available in various materials and designs, including ladder, perforated, and channel types, suitable for industrial, commercial, and infrastructure applications. Overview Large-span cable trays are engineered to support long cable runs without intermediate supports, making them ideal for factories, data centers, power plants, and infrastructure projects. They provide organized cable management, reduce installation time, and ensure safety by preventing cable sagging and overheating. These trays are typically made from galvanized steel, stainless steel, aluminum, or FRP and can be customized in length, width, height, and thickness to meet project requirements. Types and Features Ladder Type Cable Trays: Designed for heavy-duty power and control cables, with side rails and spaced rungs for maximum support. Suitable for spans up to 6 meters or more, depending on material and thickness. Perforated Cable Trays: Ideal for ventilation and heat dissipation, supporting medium to large cable bundles. Available in widths from 50 mm to 1200 mm and lengths up to 6 meters. Channel/Long-Span Cable Trays: Feature strengthened side plates for higher load capacity and longer single lengths (3m, 6m, 8m, 12m), suitable for long-span installations. Walkable Cable Trays: Include chequered plate covers for safe stepping and high load-bearing capacity, often used in industrial automation and harsh environments. Materials and Finishes Mild Steel (MS): Hot-dip galvanized or powder-coated for corrosion resistance. Stainless Steel (SS 304/316): For high durability and chemical resistance. Aluminum: Lightweight and corrosion-resistant, suitable for indoor/outdoor use. FRP (Fiberglass Reinforced Plastic): Fire-retardant and corrosion-resistant for chemical or marine environments. Manufacturers and Suppliers in India Ajay Industrial: Offers perforated and ladder-type trays with widths up to 1500 mm and load capacities up to 150 kg/m, customizable for industrial and commercial projects...
