

Jamaican Export Communication Power Supply Cabinet 50kW CIF Price

AI Overview

The CIF price for a 50kW communication power supply cabinet to Jamaica depends on the supplier quote, shipping, insurance, and applicable import duties, typically requiring direct inquiry with manufacturers or distributors.

Product Overview A 50kW communication power supply cabinet, such as the KAC50DP-BC100DE, is designed for small to medium commercial and industrial energy storage or microgrid applications. It typically includes LFP batteries, a 50kW power conversion system (PCS), energy management system (EMS), AC/DC distribution, fire protection, and air cooling. The cabinet is pre-installed for easy on-site setup and supports remote monitoring and intelligent battery management.

CIF Price Considerations The CIF price includes: Cost of the cabinet from the manufacturer Insurance during transit Freight to the Jamaican port Exact CIF pricing varies depending on the supplier, order volume, and shipping method. For reference, similar 10kW systems range from \$9,900 to \$26,600, so a 50kW system could scale proportionally, but a precise quote requires contacting the supplier directly.

Jamaican Import Requirements To import such equipment into Jamaica, the following steps are generally required:

- HS Code Classification:** Identify the Harmonized System code for electrical cabinets to determine applicable duties.
- Import Registration:** Register with the Jamaica Customs Agency and obtain a Tax Compliance Certificate (TCC).
- Import Documentation:** Prepare a Commercial Invoice, Bill of Lading or Airway Bill, and Import Declaration (Form C87).
- Permits:** Certain electrical or hazardous components may require approval from relevant authorities, such as the National Compliance and Regulatory Authority (NCRA).
- Tariffs and Duties:** Jamaica applies import duties and VAT, which can be calculated using the official tariff schedules. Preferential rates may apply under CARICOM or EU Economic Partn...
