

Large-scale mesh cable tray manufacturing company

AI Overview

Leading manufacturers of large-size mesh cable trays include MP Husky, JLH Electric, Shilden, Cablofil, and Patil More Exports, offering customizable, durable, and heavy-duty solutions for industrial and commercial applications. Key Manufacturers and Their Offerings

MP Husky is a prominent North American manufacturer of UL, CSA, and NEMA-compliant wire mesh and basket cable trays. They provide a wide range of cable tray systems, including aluminum, stainless steel, and galvanized steel options, suitable for industrial, commercial, and nuclear applications. MP Husky emphasizes high-quality, cost-effective, and innovative cable support systems with extensive customization capabilities.

JLH Electric specializes in stainless steel wire mesh cable trays with widths from 200 to 500 mm, heights from 50 to 200 mm, and lengths up to 3 meters. They offer custom design and fabrication services, corrosion-resistant materials, and flexible installation options, making them ideal for complex cable runs and harsh environments.

Shilden manufactures durable, corrosion-resistant metal mesh cable trays for industrial, commercial, and data center applications. They provide customizable sizes, including 38, 58, 108, 158, and 208 mm trays, designed for superior airflow, easy installation, and long-term performance in demanding environments.

Cablofil is a well-known European brand offering wire mesh cable trays with global distribution. They provide innovative cable management solutions and tools like CabloCAD for 3D modeling and project estimation, supporting large-scale installations.

Patil More Exports supplies customizable wire mesh cable trays with widths from 50 to 600 mm, heights of 50 or 100 mm, and lengths up to 2.5 meters. They offer stainless steel (SS202, SS304, SS316) and galvanized finishes, along with full test certification and accessories for flexible installation.
