

Latvian Integrated Power Cabinet Manufacturer

AI Overview

Latvia hosts several reputable manufacturers of integrated power cabinets, including INTRA-EL, ELDI, MC Communication, Marino Industrial Solutions, and HLC Sheet Metal Factory. Key Manufacturers

INTRA-EL specializes in the design, manufacturing, and installation of power and control distribution systems. Established in 2004, the company has completed projects in over 18 countries, offering solutions for industrial plants, data centers, and large office buildings. Their services include full project design, installation, and 24/7 equipment support, emphasizing operational continuity and safety.

ELDI (SIA ELDI) has over 20 years of experience in industrial electrical systems. They provide electrical distribution systems and automation solutions, collaborating closely with SIA LVDE for electroassembling. ELDI focuses on customized solutions, including programming of automation systems and full project management, ensuring high-quality, reliable installations.

MC Communication designs and builds bespoke building automation system panels, integrating HVAC, lighting, access control, energy monitoring, and other smart-building functions. Their cabinets comply with IEC 61439 standards and include PLC logic programming, HMI design, SCADA dashboards, and secure remote access for diagnostics and predictive maintenance.

Marino Industrial Solutions is an official Siemens partner in Latvia, producing electrical panels, metal, and electrical cabinets. They provide both standard and customized solutions for industrial and commercial applications.

HLC Sheet Metal Factory offers custom sheet metal fabrication and CNC manufacturing, including electrical cabinets and enclosures. They specialize in high-quality, customized solutions for energy storage, renewable energy systems, and industrial applications, providing rapid prototyping and full production services.

All suppliers for latvian-photovoltaic-integrated-energy-storage-cabinet-25kw Service provider Find wholesalers and contact them directly B2B marketplace Find companies now!

Industry

Our long-term customer is A/S Valmiera Glass – fiber glass manufacturing company. In the framework of this cooperation, we have produced automated control cabinets and performed electrical installation

Latvian energy-saving new solar battery cabinet | ZAWOJE POWER

ZAWOJE POWER specializes in outdoor power cabinets, communication cabinet solutions, energy storage cabinet pricing, and custom telecom cabinets with IP55/IP66 waterproof ratings for European

Latvian integrated energy storage cabinet grid-connected type for ...

Latvian Power Storage Solutions Innovations Driving Sustainable From residential battery walls to 100MW grid-scale installations, Latvian power storage manufacturers deliver solutions that balance

Voltify | About Us

Based in Riga, Latvia, Voltify specializes in high-quality electrical engineering and industrial automation services. We deliver a complete range of services — from custom electrical cabinet design, electrical

Services

Our company provides a service of cabinet assembly according to customers" requirements. We have a company-partner which has got a various experience at installation of panels and cabinets of any

Distribution Cabinets And Control Panels – MC Communication

At MC Communication, we design and build bespoke Building Automation System panels that seamlessly integrate HVAC, lighting, access control, energy monitoring and other smart-building

BESS Energy Storage Solutions

We work with world-renowned manufacturers to provide the highest quality energy storage equipment in Latvia. All our BESS solutions are tested, certified and guaranteed to perform for at least 10 years.

Services

If necessary, we offer also milling, turning and bending services. Where the customer's project has been developed just at the construction stage, then we offer to perform the metal structure detailed

Manufacture of electrical equipment

Electric power and lighting installation on sites. Electric engine, (asynchronous) repair, replacement. Trade. Electric installation works. Electrical facility maintenance. Welding semi-automatic and

Latvia Electrical Cabinets And Enclosures, Solar Storage Cabinet

With 22 years of experience in sheet metal processing, we provide customers with customized processing solutions. A large production base of over 15000 square meters, a comprehensive quality

Switching and Control Cabinets

The main business of our company focuses on industrial control cabinets. We are specialized in manufacturing of switching cabinets, control cabinets and low

Large-scale battery storage for a stable Latvian power grid

Rolls-Royce has received an order from the Latvian transmission system operator Augstsprieguma tīkls (AST) to supply a large-scale mtu battery

INTRA EL

Thanks to significant investments in equipment, selection and training of engineers, INTRA-EL is the largest manufacturer of power distribution cabinets in Latvia.

Power distribution cabinets

Input and output power circuits can be installed at the bottom or at the top of the cabinet frame. Design of the cabinet depends on the type of installation. Power distribution cabinets can be wall mounted or

Latvian photovoltaic integrated energy storage cabinet 20kw Germany

All Companies and suppliers for latvian-photovoltaic-integrated-energy-storage-cabinet-20kw Find wholesalers and contact them directly Leading B2B marketplace Find companies now!

Power distribution cabinets

Thanks to significant investments in equipment, selection and training of engineers, INTRA-EL is the largest manufacturer of power distribution cabinets in Latvia.

Production of electrical distribution boards

After the manufacturing process, the distribution box is tested and marked with CE marking, and the customer is provided with the EU declaration of conformity. If necessary, we make electric cabinets
