

Mauritius Explosion-proof Cable Tray Manufacturer

AI Overview

Mauritius has several suppliers and manufacturers of high-quality cable trays, including options suitable for industrial and hazardous environments, with customization available for explosion-proof applications.

Key Suppliers and Manufacturers

MRC Wire Products MRC Wire Products offers welded cable trays designed for robust cable management, high load-bearing capacity, and versatile industrial applications. Their trays are customizable in size, configuration, and finish, which allows adaptation for hazardous or explosion-prone environments with proper specifications and coatings (MRC Wire Products).

Brikonek Mauritius Brikonek provides hot-dip galvanized perforated cable trays, which are corrosion-resistant and suitable for industrial, chemical, and electrical installations. The perforated design improves heat dissipation and reduces dust accumulation, making them adaptable for control, communication, and power cables in potentially hazardous areas (Brikonek.mu).

International and Local Suppliers via Accio For heavy-duty or marine applications, suppliers like FRP (Ningbo Vich) and hot-dip galvanized steel trays (Shanghai Qinkai, Hebei Saiyang) are recommended. These suppliers offer fire-resistant and corrosion-resistant solutions, which can be tailored for explosion-proof requirements in Mauritius (Accio.com).

Trade Directories Platforms like Trademo and Business Yellow Pages list Mauritius-based cable tray manufacturers and suppliers. These directories provide shipment details, trade volumes, and contact information, enabling buyers to directly inquire about explosion-proof or hazardous-environment-rated trays (Trademo.com, Business-Yellowpages.com).

Considerations for Explosion-Proof Applications

Material Selection: Stainless steel 304/316, hot-dip galvanized steel, or FRP for corrosion and fire resistance.

Compliance: Ensure adherence to IEC...
