

Mexican Vibration Cable Tray Manufacturer

AI Overview

Top Mexican manufacturers of cable trays include Siesa, Tecnotray, Unex distributors, and Cable House, offering a variety of materials, types, and certified solutions for industrial and commercial applications. Leading Manufacturers Siesa offers ladder-type cable trays made from fiberglass reinforced plastic (FRP), providing non-conductive, corrosion-resistant, and UV-protected solutions suitable for harsh environments. Their trays are fire-retardant, UL-certified, and designed for simplified installation, making them ideal for industrial and offshore applications. Tecnotray specializes in mesh-type and hinged square duct trays, manufactured with stainless steel wire and coated using advanced patented painting technology. Their products are 100% Mexican-made, certified by ANCE, LAPEM, PEMEX, and UL, and designed for high durability in chemical, food, and saline environments. Unex distributors in Mexico provide a wide range of perforated and solid cable trays, covers, junctions, dividers, and connectors. Their products meet NOM-001SEDE 2012, EN 61537, and IEC 61537 standards, offering insulating, fire-resistant, and UV-protected solutions suitable for both indoor and outdoor installations. Cable House is a recognized manufacturer and supplier of cable trays, hose clamps, and crimping tools. They offer customized solutions with high durability and reliable performance, serving both national and international markets.

Product Features and Materials
Materials: Galvanized steel, stainless steel, FRP
Types: Ladder, perforated, trough, mesh
Certifications: UL, ANCE, LAPEM, PEMEX, NOM standards
Key Benefits: Corrosion resistance, fire protection, UV resistance, easy installation, and vibration tolerance
Applications: These cable trays are suitable for industrial plants, commercial buildings, offshore platforms, chemical and food industries, and any environment requiring vibration-resistant, durable, and safe cab...
