

Multi-fiber patch cord manufacturer

AI Overview

Leading manufacturers of multi-fiber patch cords include UnitekFiber, Corning, Thorlabs, and LongXing, offering MPO/MTP and high-fiber-count solutions. Key Manufacturers and Offerings UnitekFiber specializes in fiber patch cords using high-quality Corning glass fiber, offering both single-mode and multimode options. They provide OEM services, including custom colors, cable printing, and packaging design. Their products are certified with RoHS, UL, and CRP, ensuring reliability and stability for optical communication systems, LANs, and data transmission networks. Corning provides a comprehensive range of factory-terminated cables, from single-fiber patch cords to high-fiber-count assemblies. Their Quick Connect program offers fast delivery for EDGE Uniboot jumpers and other multi-fiber solutions, making them suitable for large-scale network deployments. Thorlabs manufactures single-mode, multimode, polarization-maintaining, and specialty fibers, including photonic crystal and rare-earth doped fibers. They offer custom fiber optic patch cables with various connector types (FC/PC, FC/APC, SMA) and same-day shipment options, supporting specialized applications in research and industry. LongXing (LX Telecom) focuses on MPO/MTP multi-fiber patch cords, supporting 4, 8, 12, and 24 fiber counts. Their connectors use precision MT ferrules with metal guide pins for accurate fiber alignment. They provide options for single-mode standard, super low loss, and multimode low-loss fibers, suitable for high-density data center environments.

Considerations When Choosing a Manufacturer

- Fiber Count and Mode:** Ensure the manufacturer supports the required number of fibers (e.g., 12, 24) and fiber type (single-mode or multimode).
- Connector Type:** MPO/MTP connectors are standard for multi-fiber applications; check compatibility with your equipment.
- Certifications:** Look for RoHS, UL, or CRP certifications to guarantee quality and compliance.
- Customization:** OEM services can be important for color coding, labeling...
