

North Korean computer room cable tray price

AI Overview

The average export price for cable trays from North Korea is approximately \$206 per unit. Price Overview Based on recent export data, the average price for North Korean cable trays is \$206 to \$206.24 per unit. This price applies to a variety of cable tray types, including ladder, perforated, wire mesh, and FRP trays, which are commonly used in industrial, commercial, and data center applications. Prices may vary depending on material, size, and customization options. Market and Suppliers North Korea has over 2,800 exporters and nearly 2,700 importers of cable trays, indicating a moderately active export market. Verified suppliers, such as Jin Tech CT Co., Ltd., offer a wide range of cable trays that meet quality standards and can be sourced for bulk orders. B2B platforms provide real-time pricing, inventory tracking, and options for OEM/ODM deals, which can help streamline procurement. Types and Applications Ladder Cable Trays: Ideal for heavy-duty industrial wiring and open-air circulation. Perforated Cable Trays: Suitable for ventilation and heat dissipation in data centers. Wire Mesh Trays: Flexible and lightweight, used in commercial and IT installations. FRP Trays: Corrosion-resistant, often used in chemical or outdoor environments. Procurement Considerations When sourcing North Korean cable trays, consider: Minimum order quantities (MOQs) and tiered pricing for bulk purchases. Material and size customization to match project requirements. Shipping and import regulations, as North Korean exports may be subject to international trade restrictions. For detailed pricing, specifications, and supplier contacts, it is recommended to consult B2B platforms or directly contact verified North Korean manufacturers to obtain updated quotes and confirm availability.
