

Plastic electrical distribution box is waterproof and dustproof

Overview

The box features a robust sealing design with a gasket to provide excellent waterproof and dustproof performance (IP Rating), making it ideal for both indoor and outdoor installations. It supports flexible surface mounting or recessed mounting to suit various wiring needs. Discover EKDB10 IP65 waterproof distribution boxes made of durable PC plastic. Crafted with advanced materials and innovative structures, it delivers reliable and stable performance in harsh environments, including humid, dusty. (1) Waterproof distribution box engineered for harsh outdoor and industrial environments, providing IP65–IP68 sealing against dust, rain, and UV. IP represents the international protection level (Ingress Protection), 65 means dustproof level 6 and waterproof level 5.
