

Price of Custom-Made Cable Trays in Chile

AI Overview

Custom-made cable trays in Chile typically range from \$2 to \$25 per meter, depending on material, type, size, and customization requirements.

Pricing Overview

The cost of cable trays varies widely based on several factors:

- Material:** Galvanized steel is common and cost-effective, stainless steel is more expensive due to corrosion resistance, aluminum is lightweight but pricier, and plastic trays are budget-friendly but not suitable for heavy loads.
- Type:** Ladder trays are robust and ideal for heavy-duty applications, solid-bottom trays protect sensitive cables, perforated trays offer moderate protection, and wire mesh trays are lightweight and ventilated.
- Customization:** Custom dimensions, bends, tees, and coatings (HDG, powder coating, pre-galvanized) increase the price.
- Quantity:** Bulk orders can reduce the per-meter cost significantly.
- Additional Costs:** Shipping, installation, and labor can add to the total project cost.

Local Suppliers in Chile

Several manufacturers and suppliers offer custom solutions:

- Brilltech Engineers** provides ladder, PVC, mild steel, perforated, and stainless steel trays with tailored designs for residential, commercial, and industrial sectors.
- Micro Sheet Crafts** offers modular and customized cable trays using high-grade steel, ensuring durability and compliance with quality standards.
- Wire Mesh and Other Local Manufacturers** provide a variety of sizes, shapes, and configurations suitable for construction, mining, automotive, and industrial applications.

Cost Estimation

- Basic steel or wire mesh trays: \$2–\$5 per meter
- Galvanized or powder-coated steel trays: \$5–\$15 per meter
- Stainless steel or fully customized trays: \$15–\$25 per meter

Bulk or project-based pricing: Can be lower depending on order size and supplier negotiation.

Recommendations

For accurate pricing, it is advisable to:

- Specify material, type, and dimensions for your project.
- Re...
