

Price of Specialized Cable Tray Manufacturers

AI Overview

Cable tray prices vary widely depending on type, material, and purchase volume, ranging from under \$1 per meter for bulk B2B orders to \$15–\$34 for consumer-grade trays.

Price Overview

B2B Industrial/Commercial Orders: Prices for bulk purchases from manufacturers like Atkore, Schneider Electric, Eaton, and Legrand typically range from \$0.80 to over \$76 per meter, depending on material (stainless steel, aluminum, FRP), type (ladder, perforated, wire mesh), and load capacity. Bulk orders often offer higher ROI due to volume discounts and professional-grade durability.

B2C Consumer Products: For home or small office use, cable trays sold on platforms like Amazon are priced between \$15 and \$34, with some wholesale options as low as \$0.92 per unit. These are generally designed for under-desk wire management and easy installation.

Material and Type Considerations

- Stainless Steel (SS 304):** Durable, fire-resistant, suitable for industrial and outdoor applications.
- Aluminum:** Lightweight, corrosion-resistant, ideal for commercial installations.
- FRP (Fiberglass Reinforced Plastic):** Non-conductive, fireproof, and cost-effective for specialized environments.
- Wire Mesh, Ladder, Perforated, and Trough Types:** Each type serves different load and cable management needs, with ladder trays being common for heavy-duty industrial use and wire mesh trays for flexible routing.

Leading Manufacturers and Suppliers

- Atkore International:** Offers a wide range of cable trays and infrastructure products, including custom stainless steel solutions.
- Chalfant Manufacturing:** Known for innovative self-connecting and walkable tray lines.
- Sunil Engineering Corporation & ELCON CABLE TRAYS PVT. LTD.:** Provide perforated, ladder, and wire mesh trays with accessories.

Global B2B Platforms: Tradewheel and Alibaba allow buyers to source customized trays at competitive bulk prices, including galvanized, waterproof, and f...
