

Qian an Metal Cable Tray Manufacturers

AI Overview

Qian'an hosts several reliable metal cable tray manufacturers offering ladder, perforated, and wire mesh trays with customizable options and high-quality materials. Overview of Manufacturers Qian'an, located in Hebei province, is part of China's robust industrial manufacturing ecosystem for cable management solutions. Local manufacturers specialize in metal cable trays designed for industrial, commercial, and data center applications, providing durable and corrosion-resistant products.

Product Types

- Ladder Cable Trays:** Feature two side rails connected by rungs, ideal for heavy-duty power distribution and excellent ventilation for heat dissipation.
- Perforated Cable Trays:** Solid bottoms with slots or holes, balancing cable support and airflow, suitable for commercial and light industrial use.
- Wire Mesh (Basket) Trays:** Lightweight, flexible, and easy to install in complex routes, offering excellent airflow and accessibility for cable modifications.

Materials and Coatings

Manufacturers in Qian'an typically use hot-dip galvanized steel, aluminum alloy, or stainless steel for strength and durability. Many trays feature powder-coated finishes for additional corrosion resistance, UV protection, and color customization. Pre-galvanized and reinforced profiles are available for high-strength applications.

Manufacturing Capabilities

Local producers, such as those affiliated with Shanghai Qionghai Industrial Co., Ltd., operate multiple production bases, including facilities in Hebei Langfang near Qian'an. They utilize advanced machinery, including roll forming machines and hydraulic cutting systems, to produce standard and customized cable trays efficiently. Production lines support large-scale orders and specialized designs tailored to project requirements.

Quality and Services

Qian'an manufacturers emphasize strict quality control, professional technical support, and after-sales service. Many companies adhere to principles of "quality first, customer first," ensuring reliable performance and compliance with international standards. Custo...
