

Quotation for 200G access switch

AI Overview

You can request a quote for 200G access switches from vendors like D-Link, HPE, NVIDIA, and Asterfusion, each offering high-performance options for enterprise and data center networks. Recommended 200G Switch Options

1. D-Link DSS-200G Series Smart Managed L2 surveillance switches with 10 or 28 ports. High PoE budget up to 518 W, supporting up to 90 W per port. Features Automatic Surveillance VLAN, smart fans, alarm ports, and ONVIF device auto-detection. Ideal for integrated security, building management, and powering IP cameras or access points. Lifetime warranty and commercial support available; quotes can be requested via Phone: 888-354-6574 (Option 2) or Email: solutions@us.dlink.com
2. HPE Networking Comware 5960 Series 24-port 100/200G QSFP56 + 8-port 400G QSFP-DD. High-density, low-latency, and backward-compatible with 100/200/400G connectivity. Supports advanced features like SR-MPLS, VXLAN/EVPN, DRNI, and containerized deployments. Dual redundant, hot-swappable power supplies for high availability. Quotes available through authorized HPE resellers or service partners.
3. NVIDIA SN4600 Series 2U 64-port 200GbE spine switch, splittable to 128x 10/25/50GbE ports. Flexible port speeds from 1 to 200GbE, suitable for high-density leaf or spine deployments. Designed for maximum rack connectivity and scalable data center networks.
4. Asterfusion CX664P-N 64-port 200G QSFP56 data center switch with 12.8 Tbps line-rate L2/L3 performance. Ultra-low latency (500 ns) for AI, HPC, and machine learning workloads. Pre-installed with Enterprise SONiC, supporting RoCEv2 and EVPN multihoming. Ideal for latency-sensitive, high-throughput environments.

How to Request a Quote

Direct Vendor Contact: Use the provided phone numbers or emails for D-Link and HPE to request pricing and availability. Authorized Resellers: For HPE and NVIDIA switches, contact certified resellers or distributors to obtain a formal quote. Online Inquiry Forms: Many vendors provide online forms to submit specificat...
