

South African distribution box enclosure manufacturer

AI Overview

Leading South African manufacturers of distribution box enclosures include PPS Power Process Systems, Allbro, CSE Tech, Enclosure Solutions, and Golnix. Key Manufacturers

PPS Power Process Systems PPS is one of South Africa's largest reticulation enclosure manufacturers, operating since 1993. They produce electrical distribution boards, kiosks, boxes, circuit breakers, and OEM-specified LV switchgear. Their manufacturing facility supports stainless steel, mild steel, DMC/fiberglass, and polyethylene enclosures. PPS emphasizes ISO 9000-certified quality, on-time delivery, and custom specifications, catering to both large tenders and one-off orders.

Allbro Allbro specializes in non-metallic enclosures and acquired ABB's South African enclosure business (York) in 2011. They manufacture brands such as York, Okari, Enlec, Utilec, PSO1, and PSO2 locally. Their products are designed to withstand harsh South African conditions and meet international standards, serving industrial, commercial, and residential sectors.

CSE Tech (Custom Solutions Enclosure Technology) CSE Tech focuses on high-quality, custom-designed enclosures with short lead times. They employ skilled personnel for both design and manufacturing, ensuring tailored solutions for specific electrical distribution needs.

Enclosure Solutions Based in Benoni, Gauteng, Enclosure Solutions is both a distributor and manufacturer of electrical enclosures and panel hardware. They offer a wide range of locally produced and imported accessories, including switchboard components and custom enclosures. Their extensive stock allows for prompt nationwide delivery.

Golnix Golnix manufactures steel, stainless steel, and galvanized kiosks, enclosures, and distribution boards. Since 2015, they have supplied products across South Africa and to neighboring countries, including Namibia, Botswana, Tanzania, Kenya, Ghan...
