

Uganda Distribution Box Circuit Breaker Model

AI Overview

Popular distribution box circuit breaker models in Uganda include Legrand DMX3, DPX3, and DPX 3 630/1600 series, available through local suppliers like Tronic Uganda, Libitco, Jiji.ug, and Jumia UG. Legrand Circuit Breakers Legrand offers DMX3 air circuit breakers and DMX3-I isolating switches in Uganda, available in four frame sizes. These breakers come with breaking capacities of 42 kA, 50 kA, 65 kA, and 100 kA, suitable for low-voltage distribution boards. The DPX 3 630 and 1600 series extend the range up to 1600 A, providing precise and reliable protection for residential, commercial, and industrial applications. These models are designed for easy integration into distribution boxes and include advanced safety features and modularity for expansion.

Local Suppliers and Availability Tronic Uganda Limited supplies a variety of circuit breakers and can be contacted for specific models and stock availability in Kampala. Libitco Technical Supplies offers European and USA brand circuit breakers suitable for industrial applications, including oil & gas, power plants, and airports. Jiji.ug lists over 197 circuit breakers and disconnectors for sale, ranging from residential to industrial types, with prices starting from US\$ 5,000. Jumia UG provides an online marketplace for purchasing circuit breakers with options for cash on delivery and secure payment.

Considerations for Selection When choosing a distribution box circuit breaker in Uganda, consider:

- Rated current (A): Ensure the breaker matches the load requirements of your distribution box.
- Breaking capacity (kA): Higher capacities are needed for industrial or high-load applications.
- Frame size and modularity: Compatibility with your existing distribution board.
- Supplier support: Availability of technical support, warranty, and after-sales service.

For precise selection, it is recommended to consult with suppliers like Legrand's commercial ad...
