

Which company makes the best complete electrical distribution boxes for Greece

AI Overview

Vilma Group, Armet, and GEYER are among the top companies in Greece for high-quality custom electrical distribution boxes. Vilma Group Based in Patras, Vilma Group has been a leading supplier of electrical switchgear and equipment since 1973. They specialize in custom-built switchboards, low and medium voltage power distribution boards, and offer high-quality electrical equipment and spare parts. Their strength lies in engineering excellence, innovative design, and strict quality control, ensuring reliable and durable solutions tailored to client specifications. Vilma Group is particularly noted for integrating automation systems and providing flexible, timely delivery. Armet Armet has been producing SMC/GRP/FRP polyester meter boxes, cabinets, and distribution boxes since 1989. Their products are designed for outdoor use and comply with international standards (EN/IEC, ISO, DIN, ASTM). Armet emphasizes customization, developing specific molds to meet client requirements, and maintains ISO 9001 certification for quality management. They offer solutions suitable for smart meters and electronic instruments, making them ideal for modern electrical distribution needs. GEYER GEYER specializes in low voltage electrical equipment, including distribution boards and miniature circuit breakers. They focus on infrastructure upgrades and energy solutions, providing reliable and efficient electrical distribution systems for residential, commercial, and industrial applications. Their expertise ensures compliance with safety and performance standards. HM POWER For outdoor power distribution boxes, HM POWER offers high-quality solutions designed to withstand Greece's diverse environmental conditions, including coastal salt exposure, high UV radiation, and seismic activity. They cater to industrial zones, tourism infrastructure, and maritime applications, providing robust and reliable dist...
