

Which company makes the best fireproof cable trays in North Asia

AI Overview

For fireproof and high-performance cable trays in North Asia, leading options include ALOIS Composites, Oglænd System Group, and regional suppliers like Sunil Engineering Corporation and ELCON Cable Trays. Top International Manufacturers with Fireproof Solutions

ALOIS Composites: A European company producing fiberglass-reinforced cable trays with excellent fire resistance, high strength-to-weight ratio, and suitability for chemical plants, offshore platforms, and power utilities, making them ideal for harsh environments and industrial applications.

Oglænd System Group: Offers globally recognized composite cable trays engineered for extreme conditions, including fire retardancy, corrosion resistance, and minimal maintenance downtime, widely used in oil & gas, marine, and industrial sectors.

North Asian and Regional Manufacturers

Sunil Engineering Corporation: Based in Asia, specializes in perforated and ladder cable trays, including FRP (fiberglass-reinforced plastic) options that provide fire resistance and durability for industrial and commercial installations.

ELCON Cable Trays Pvt. Ltd.: Manufactures and exports a wide range of cable trays, including FRP and fireproof types, with accessories and fittings designed for easy installation and compliance with safety standards.

Key Considerations

Material: Fiberglass-reinforced plastic (FRP) trays are highly fire-resistant and corrosion-resistant, suitable for chemical, offshore, and high-voltage environments.

Compliance: Look for trays certified to UL, NEMA, CSA, or IEC standards, ensuring fire safety and international compatibility.

Customization: Many manufacturers offer made-to-order solutions, including ladder, perforated, and wire mesh trays, to meet specific project requirements.

Recommendation

For North Asia, combining regional suppliers like Sunil Engineering and ELCON with international leaders like ALOIS Composites and Oglæ...
