

Which company makes the best fireproof cable trays in South Africa

AI Overview

SAAR Industries, Advanced Strut, CMG, and Central Support Systems are among the top providers of high-quality, fire-resistant cable trays in South Africa. Leading Companies SAAR Industries is a prominent manufacturer of industrial cable trays in South Africa, offering ladder, perforated, and solid-bottom trays made from galvanized steel, stainless steel, aluminum, and powder-coated steel, all designed for durability and fire resistance. Their products comply with international standards and are widely used in power plants, commercial buildings, and infrastructure projects. Advanced Strut, based in Cape Town, provides a broad range of cable management solutions including metal cable trays, wire mesh trays, and PVC trunking. Their wire mesh trays maximize airflow, reducing overheating and enhancing fire safety, making them suitable for industrial and commercial applications. Cable Management Group (CMG) is known for high-quality engineering and perforated cable trays suitable for light, medium, and heavy-duty installations. CMG emphasizes durable materials and precise manufacturing, ensuring fire-resistant and reliable cable support systems for industrial and commercial sectors. Central Support Systems (CSS) has over 28 years of experience and offers a complete range of cable support products, including ladders, perforated trays, wire baskets, and trunking. Their products are designed for both horizontal and vertical installations, with materials and designs that enhance fire safety and durability. CSS also provides extensive customer support and project-specific solutions.

Key Considerations When selecting fireproof cable trays in South Africa, consider:

- Material:** Galvanized steel, stainless steel, and powder-coated steel offer high fire resistance.
- Tray Type:** Solid-bottom trays provide maximum protection, while perforated or wire mesh trays allow airflow to prevent overheating.
- Certification:** Look for products that meet international fire safety standards.
