

Which manufacturers produce junction boxes

AI Overview

Top junction box manufacturers include Eaton, Schneider Electric, ABB, Turck, Polycase, and VIOX Electric, among others. Leading Global Manufacturers Several multinational companies dominate the junction box market, offering a wide range of materials, NEMA/IP ratings, and applications:

- Eaton:** Provides steel and non-metallic junction boxes for residential, commercial, and industrial use, known for durability and compliance with international standards.
- Schneider Electric:** Offers a broad selection of enclosures and junction boxes designed for safety, efficiency, and harsh environments.
- ABB:** Supplies high-performance junction boxes for industrial and infrastructure applications, emphasizing reliability and safety.
- nVent HOFFMAN:** Specializes in metallic and non-metallic enclosures for critical equipment protection.
- Polycase:** U.S.-based manufacturer of plastic and metal enclosures, supporting both small OEM projects and large industrial requirements.
- KAISER:** European manufacturer known for precision-engineered junction boxes and recessed installation systems.
- Hammond Manufacturing:** North American producer of electrical enclosures and junction boxes for various applications.
- VIOX Electric:** Chinese manufacturer producing NEMA Type 4X and IP66/67 junction boxes for industrial applications.

U.S. and North American Manufacturers Several companies focus on the U.S. and Canadian markets, offering custom solutions and specialized services:

- Turck, Inc.:** Known for industrial junction boxes and automation components.
- POLYCASE:** Offers durable enclosures with fast customization and U.S.-based production.
- Westlake Pipe & Fittings:** Provides junction boxes for various electrical applications.
- American Wire Group:** Manufactures metal and plastic junction boxes, including explosion- and weatherproof options.
- Flux Connectivity Inc.:** Custom manufacturer...
