

Xg02 Optical Cable Junction Box

Overview

Suitable for wall and ceiling mounting with the option to fasten outside, inside or to mount via the corner domes. Particularly impact resistant with IK09. Cover with quick lock, sealable. Including 3 cable glands V-TEC M20 and 3. Junction box for the connection of cables and lines indoors and in outdoor areas. Cover. With the X series, OBO Bettermann can offer a range of junction boxes and empty housings that can with-stand even the toughest mechanical impacts. The use of special plastics based on high-quality polycarbonate allows the X series to meet the requirements for the highest impact resistance. The GZR Series 19" Rack-mounted Terminal Box (Rail-based) is a functional component for optical fibre distribution frames or network integrated cabinets, offering fibre splicing, distribution, and tray storage. Pepperl+Fuchs offers a comprehensive range of terminal boxes and junction boxes in types of protection Ex e (increased safety), Ex ia (intrinsic safety), Ex tb (dust protection by enclosure), and Ex op pr (protected optical radiation).

Article Content

VBS X-Series

All the junction boxes of the T series are marked by their UV-resistant, impact-resistant and halogen-free material and are ideally suited for use both indoors and protected outdoor areas.
